Your vehicle order is one of the early orders for 2023 Maverick LARIAT, and because we are building this vehicle just for you, we wanted to share a bit more on our production process as it may impact your delivery time. As part of the quality assurance process at Ford Motor Company, customer orders are only built when all quality checks have been met. This process may lead to a longer wait time for your vehicle to be built, but is designed to help ensure your satisfaction.

Also, please note that high demand combined with global supply-chain constraints may impact vehicle model year, trim and feature availability. Please know we're working hard to deliver your chosen vehicle and features as quickly as we can.

Throughout the production process, we will keep you updated on the status of your order. You will receive email notifications when your vehicle is:
