YOUR VEHICLE IS SCHEDULED FOR PRODUCTION

Dear ~~BRUCEROB62@gmail.com~~

Big things are happening right now. We are excited to let you know your 2023 Maverick XLT SuperCrew has been scheduled for production. Your vehicle is scheduled to be built the week of February 20, 2023.

Forecasting a specific build date can be complex. Sometimes unforeseen challenges occur, or the custom details of your order can add time to this estimate. But even if your schedule needs adjusting, we're working to build a vehicle that is everything you expect from a Ford.

In your Built Order Status email, we will provide you an estimated delivery window of when your vehicle will arrive at Anderson Ford of Lincoln. While you wait, check out the status of your vehicle at any time by clicking the button below.

We have included your Vehicle Identification Number (VIN) for your reference: 3FTTW8E98PRA26163.

FORDPASS. BUILT TO KEEP YOU MOVING.®

Download the FordPass® App* to get everything you need to keep moving, right in the palm of your hand. Access complimentary remote features, like start**/stop, lock/unlock, schedule a start, locate vehicle and more. You can also check your fuel level, oil life and tire pressure all within the app.† When

your vehicle needs your attention, FordPass sends you alerts†† and keeps your maintenance and warranty information in one easy place.

Download FordPass

*FordPass App, compatible with select smartphone platforms, is available via a download. Message and data rates may apply. **Automatic transmission only. †FordPass Connect (optional on select vehicles), the FordPass App and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. ††Vehicle Health Alerts require SYNC® 3 v2.0 or higher and a data connection via a mobile device or FordPass Connect. See SYNC interface, a dealer or a FordGuide for more information. Aftermarket on-board diagnostic devices may interfere with various vehicle systems, including Vehicle Health Report and 911 Assist.® To avoid interference, remove the device or contact the device maker for more information on compatibility.

Hello,

Well at least it's moving along that's a start.

I hope, i hear it only takes a week to build but then shipping is a whole different ballgame been hearing nightmares about delays getting drivers to ship it to the dealerships.

Will see i guess
